8. An Applicant for gas service to new construction or a new extension will complete a New Service Application Form provided by the Company. The Customer is responsible for completing and returning the Application form. Failure on the part of the Customer to provide a completed form will be grounds for the Company to delay or refuse service. For the purposes of this Rule, the definition of new construction/extension is where there is a need to run a new service line or install new gas facilities to a property that has never had prior natural gas service.

**B. Deposits**

1. The Company may require from any present or prospective Customer a security deposit to guarantee payment of all bills. This deposit may be retained by the Company until service is discontinued and all bills have been paid; except as provided in subsection (B)(3) below. The Company will be entitled to apply said deposit together with any unpaid interest accrued thereon, to any indebtedness for the same class of service owed to the Company for gas service furnished to the Customer making the deposit. When said deposit has been applied to any such indebtedness, the Customer's gas service may be discontinued until all such indebtedness of the Customer is paid and a like deposit is again made with the Company by the Customer. No interest will accrue on any deposit after discontinuance of the service to which the deposit relates.

The Company will not require a deposit from a new Applicant for residential service if the Applicant is able to meet any of the following requirements:

- b. The Applicant can produce a letter of credit or verification from a gas or electric utility where service of a comparable nature was last received by Applicant, which states Applicant had a timely payment history at time of service discontinuation; or
- c. Instead of a deposit, the Company receives deposit guarantee notification from a social or governmental agency acceptable to the Company. A surety bond may be provided as security for the Company in an amount equal to the required deposit.

2. Cash deposits held by the Company twelve (12) months or longer will earn interest at the established one-year Treasury Constant Maturities rate, effective on the first business day of each year, as published in the Federal Reserve website.
3. Residential Customers – The Company may require Customer to establish or reestablish a deposit if the Customer becomes delinquent in the payment of two (2) or more bills or has been disconnected from service during the last twelve (12) months.

Deposits or other instruments of credit will automatically expire or be refunded or credited to the Customer's account, after twelve (12) consecutive months of service following full payment of deposit during which time the Customer has not been delinquent two (2) times or has not been disconnected for non-payment, unless the Customer has filed bankruptcy in the last twelve (12) months.

4. Non-Residential Customers – The Company may require a non-residential Customer to establish or reestablish a deposit if the Customer becomes delinquent in the payment of two (2) or more bills, or if the Customer has been disconnected for non-payment during the last twelve (12) months, or when the Customer's financial condition may jeopardize the payment of their bill.

Deposits and non-cash deposits on file with the Company will be reviewed after twenty-four (24) consecutive months of service and will be returned provided the Customer has not been delinquent two (2) times or disconnected for non-payment in the most recent twelve (12) month period, unless the Customer's financial condition warrants extension of the deposit.

5. The Company may review the Customer's usage after service has been connected and adjust the deposit amount based upon the Customer's actual usage.
6. A separate deposit may be required for each meter installed.
7. Residential Customer deposits will not exceed two (2) times that Customer's estimated average monthly bill. Non-residential Customer deposits will not exceed two and one-half (2.5) times that Customer's maximum estimated monthly bill. If actual usage history is available, then that usage, adjusted for normal weather, will be the basis for the estimate. In the absence of actual usage history, the Company will estimate the deposit.
8. The posting of a deposit will not preclude the Company from terminating service when the termination is due to the Customer's failure to perform any obligation under the agreement for service or any of these Rules and Regulations.

The Company may refuse to establish service if any of the following conditions exist:

1. When the Applicant or affiliate of the Applicant with common ownership has an outstanding amount due for the same class of gas service with the Company and the Applicant is unwilling to make arrangements with the Company for payment, in such cases, the Company will be entitled to transfer the balance due or credit owed on the terminated service to any other active account of the Customer for the same class of service. The failure of the Customer to pay the active account will result in the suspension or termination of service.
2. A condition exists which, in the Company's judgment, is unsafe or hazardous to the Applicant, the general population, the Company's personnel or facilities, or that could negatively affect the integrity of the gas system.
3. The Applicant refuses to provide the Company with a deposit when the Applicant has failed to meet the credit criteria for waiver of deposit requirements.
4. Customer is known to be in violation of the Company's Rates or Rules and Regulations or has exhibited documented repeated abusive or threatening behavior to Company personnel in person, by written correspondence, email, over the phone, or other methods of communication.
5. Customer fails to furnish the funds, service, equipment, and/or rights-of-way necessary to serve the Customer and which have been specified by the Company as a condition for providing service.
6. Customer fails to provide safe access to the meter that would be serving the Customer.

10. The Applicant is acting as an agent for a prior Customer who is deriving benefits from the energy supplied and who owes a delinquent bill from the same class of service from the same or a prior service address.

12. Where the Company has a reasonable belief that the Applicant has common ownership with an affiliate that owes a delinquent bill for the same class of service.

D. Service Establishment, Reestablishment or Reconnection

1. The Company will charge, as approved by the ACC, for the establishment or re-establishment for Service Transfers only as set forth as Fee No. 1 in the UNS Gas Statement of Charges.
2. The Company will charge, as approved by the ACC, a Standard Business Hours Service fee for service establishment, re-establishment, or reconnection other than Service Transfers under usual operating procedures, during regular business hours as set forth as Fee No. 5 in the UNS Gas Statement of Charges.
3. Should service be established, re-established, or reconnected during a period after the Company's regular business hours, at the Customer's request, the Customer will be required to pay a Standard After Hours Service Charge, as approved by the ACC, for the service connection as set forth as Fee No. 6 in the UNS Gas Statement of Charges. Where the Company's scheduling will permit service establishment on the same day as requested, the Customer can elect to pay the Standard After Hours Service Charge for establishment that day, or his service will be established on the next available business day. Even so, a Customer's request to have the Company establish service after-hours is subject to the Company having staff available; there is no guarantee that the Company will have the staffing available for service establishment, re-establishment or reconnection after business hours.
4. For service re-establishments at the same location where the same Customer has ordered a service disconnect within the preceding twelve (12) month period, such returning Customer, in addition to the service reestablishment charge, will pay the sum of the applicable monthly Customer Charges, as approved by the ACC, that would have accrued had the Customer not ordered the disconnect.
5. For service reconnections when due to the behavior of the Customer (*i.e.*, nonpayment, failure to comply with the Company's Rates) it has been necessary for the Company to discontinue service utilizing other than usual operating procedures prior to reconnection of gas service each time the gas is disconnected, in addition to the Standard After Hours Service Charge set forth in the UNS Gas Statement of Charges, the Customer will pay the sum of the applicable monthly Customer Charges, as approved by the ACC, that would have accrued had the Customer not been disconnected within the preceding twelve (12) month period.

2. If additional resources are required to gain safe access to perform service establishment, disconnection, meter reading, or routine maintenance, due to an affirmative, wrongful, and/or criminal act by the Customer, the Company will be entitled to collect from the Customer all expenses incurred by the Company for additional resources including: investigation of access, all legal expenses, and court costs.
3. The Customer is responsible for removal of any unsafe or hazardous condition, such as structures, vegetation, or beehives, that prevents access to Company facilities and is on the Customer's property.
