

BE FIREWISE

WILDFIRE SAFETY PLANNING

Wildfire season is almost here. Here are some tips to help protect your family, property and community.

Protect Your Home

- Remove dead limbs, leaves and other litter
- Reduce density of forest, grass and needles
- Stack firewood and other flammable material at least 30 feet away from your home
- Use non-combustible roofing material
- Properly dispose of ashes and BBQ briquettes
- Maintain easy access for emergency vehicles

Evacuation Plan

- Follow local media for fire reports and evacuation notices for your area
- Take a disaster supply kit and extra clothes
- Have a meeting place, and up-to-date contact info for family members
- Post your name and address on your home, clearly visible from the street
- Hang this EVACUATION sign (reverse side) on your door so rescuers know your home is empty

UniSource will:

- Shut off your area's natural gas system if necessary
- Coordinate safety and restoration efforts with officials
- Keep natural gas facilities safe and secure
